My name is [REDACTED]

I am an inmate at the Geiger
Corrections Center here in Spokane.

I am concerned about the COVID 19
Pandemic and the lack of seriousness
the Guards and Staffs concern have for
our safety during this time. When
my self or other inmates try to bring
our concerns to the floor officers
and/or a sergeant we are pretty
much disregarded and told we are
over reacting, or we are being childish
for bringing up the fact they should
be wearing PPE. We as inmates don't
have the luxury to protect ourselves,
and it would be nice if the staff
here cared for our safety enough
to wear proper PPE!! But again
we were told by a Sergeant
on the graveyard shift and a
floor officer on day shift that
they don't care about the
inmates here and that they only
care about their families during →

This time, we are concerned
 for our safety, as well as our
 loved ones. I feel that our lives
 here at Weiger are being put at
 risk by the staff not taking this
 pandemic serious. We have rights
 that are being violated on a daily
 basis here and our concerns are
 being ignored. Some thing needs
 to be done before a break out
 occurs. This is a low risk
 facility and most of are here for
 non violent charges awaiting
 trial. We arent here to serve
 a Death Sentence

Thank you for your time
